

"Making every step count"

Central Community Nursery School

Our Vision and Aims

Our Vision

We will be a nursery who values all children at all stages of development from a range of backgrounds and cultures.

We will support, encourage and inspire all our children to learn through exciting and challenging activities and experiences.

Everyone will aspire, excel and want to learn more.

Parents/Carers will be valuable and essential partners who will enjoy watching their children flourish.

Everyone will want to be part of our team and will remember their time with us.

Our Aims...

To ensure every child is happy and is loved and valued for their contribution.

To provide an exciting, safe and stimulating environment.

To be inclusive and supportive for all children and families.

To build positive relationships in a welcoming, friendly environment.

To build a passion for learning and develop enquiring minds.

To use our large, varied gardens for year round all weather learning.

To respect and care for each other, the Natural World and our environment.

To engage in planting, growing, preparing and tasting food.

To develop individuals with a unique personality to reach their full potential *"Making every step count"*
